

To
HIFSales

What a great open to our Providence Store Closing Event!! The manager that was assigned to our stores is fantastic. He has put all our sales people and staff at ease. He knows the furniture industry and sales promotions game inside and out. A true pro.

Your tags, banners, letters and set up is truly professional. The HIFSales selling process is the best I've seen in the industry. Very well thought through. Our customers feel comfortable with your manager and sales people in our stores and our local sales people are writing business and making money like never before.

I would highly recommend HIFSales services to anyone without any reservations; no question. I'm looking forward to the remainder of our event.

Sincerely,

Marty Smith
Edwards Furniture
