FANTASTIC! That's all I can say to the job HIFSales did for us during my Retirement Sale.

They dramatically increased sales and our margin as well as keeping the advertising costs incredibly low. HIFSales also leveraged our Facebook following and email lists by helping us develop a digital plan. We saw incredible traffic and sales from their advertising. They reached out to our best customers by communicating a positive message.

HIFSales really did create an event where we made money! I have nothing but good things to say about what and how they ran our event.

I convinced that I couldn't have done this well with any other company. We couldn't have gotten these results without them.

Feel free to contact me at any time and I'll confirm our experience with HIFSales.

Sincerely,

Karen Cramer
